Suffolk Dental SCD and DOM	202	7.0	100.0 %	17.9	0	0

* Because of timing when datasets were extracted, and waitlist cleansing/patient records being updated/data quality errors rectified in the meantime, the attached figures are different to what was reported in the SAC IGRs. This is the up-to-date position as of 03/11/2025.

** NB: the data provided are not limited to just RTT (hence no RTT compliance rate), it is all waiters as reported.

***NB: the Cambs and Luton Paed Audiology services are not 18-week RTT services (hence no RTT compliance rate).
